# A Message from the Desk of Executive Director

*"Let New India arise.. let her arise-out of the peasant's cottage, grasping the plough; out of the huts of the fisherman, the cobbler, and the sweeper. Let her emanate from the factory, from marts, and from the markets and from groves and forests, from hills and mountains." - Swami Vivekananda*

Distinguished Friends & Well-wishers,

On behalf of **SISTRY FOUNDATION (Social Infrastructure for Schedule Tribe and Rural Youth)** I take this opportunity to place before you all the annual report of the organization for the financial year 2024-2025. Hope, you will be able to learn about a difficult journey from darkness to light.

As well as the previous year this year also, we have conducted different activities in the field of eco-friendly agriculture, livelihood security, community health, conservation of biodiversity and promotion of football.

We are grateful to the distinguished authorities of Manos Unidas, Spain for their kind financial support for the implementation of the innovative program on climate resilient agriculture. We are also indebted to authorities of NABARD, Government of India for their kind help and support for the promotion of farmers producers groups and companies. We can not but express our heartfelt thanks and gratitude to different generous donors for their financial assistance farmers mobilization and input distribution program.

Despite all our achievements, there is no room for self-satisfaction. We are committed to reach the unreached and unrepresented in the near future.

With Best Wishes and regards.

## **Annual Report: 2024 - 2025**

"If agriculture goes wrong, nothing else will have a chance to go right in the country"

**- M.S. Swaminathan**

### **Introduction:-**

SISTRY Foundation is a non-communal, non-political and non-profit making NGO at the state level. SISTRY Foundation is committed towards the all-round and sustainable development of the vulnerable and marginalized segment of the society with a prime focus on the poverty-stricken farmers and farm women, distressed women and children belonging to tribal, dalits and minority communities. SISTRY Foundation mainly works for the empowerment and sustainable development of the marginal farmers and farm women and sharecroppers through sustainable and eco-friendly agriculture in backward villages in Purba Bardhaman, Nadia, Paschim Bardhaman districts in West Bengal. The main activities of the foundation include but are not limited to sustainable agricultural development through transfer of need-based, result-oriented and climate friendly agro technologies among the marginal farmers and farm women, promotion of FIG and farmers producers company, development of seed bank of improved indigenous variety of crops, agricultural marketing, promotion of organic farming among the farmers and farm women, women's rights, gender equality, livelihood promotion through skill development, environmental protection programme, disaster management and emergency relief programme.

### **Genesis:-**

The genesis of the organization dates back to 2009. A group of villages educated youth from the farmers' families were moved to see the pitiable condition of the poor farmers, marginal farmers and farm women and sharecroppers in remote rural areas in Purba Bardhaman district in West Bengal. The marginal farmers and farm women and sharecroppers used to cultivate in a traditional way. They had no idea about scientific system of agriculture. As they were not organized, they were under the exploitative clutches of middle men. They did not get fair and remunerative prices for their agricultural produce. The agricultural productivity was very less leading to very low income of the farmers. Consequently, the farmers used to live in crushing poverty being denied all the basic needs of life. As the farmers had no idea about organic farming, they used chemical fertilizers and insecticide on an unrestrained way resulting in environmental pollution. The cost of cultivation was also very high leading to very low returns from agricultural produce. A group of educated youth of the locality got united under the leadership of a brilliant young man named Tarun Kumar Ray and they felt a genuine urge to change the scenario. It was not an easy task. They faced different odds and impediments. But no obstacle could dissuade the band of dedicated youth. Their commitment was translated into action with the establishment of SISTRY Foundation in the year 2009. The organization was later registered under Indian Trust Act on 27.09.2009. It was a humble beginning. With the onward march of time the seedling which was planted 14 years back has been turned into a banyan tree.
